Roadmap Back to Bowling Additional Information 2021

A Management Meeting was held on 29th March to discuss additional details for the Roadmap Back to Bowling.

GDPR and Club details forms to be returned by 30th April.

17th May Deadline for Clubs to confirm how many Teams they will be fielding.

Divisions

The Structure of every Division will be voted on by the Clubs / Teams in each respective Division from the start of 2020.

Rule passed at AGM 2019

“ 1.7b Where proposed Rule changes will apply only to particular divisions, the proposals may be voted on only by Clubs with Teams in the division(s) or the division immediately above or below the division(s) concerned.”

For example..

1st Division teams will vote on how many players per team, when they start to play and whether we trial a different points system. (but only for the First Division) Not all Divisions

A vote will then take place and the Management Committee will organise Divisions accordingly, whether that's 8 sides per Division or 10 depending on the Starting Date..

All Divisions will be able to vote on if they want to start playing earlier than the end of June.
